Section 1 Application for Adoption and Determination of Blood Degree to be filed with

Enrollment Committee

Section 3 Adoption Applications to be Numbered and Dated

The Enrollment Committee shall assign an identifying number and shall record the date of each adoption application received, and shall thereupon process the application for determination of blood degree.

ARTICLE V - PROCESSING DETERMINATIONS OF BLOOD DEGREE

Section 1 Enrollment Committee shall make Preliminary Determinations of Blood Degree

and proper to a determination of blood degree; and shall make a preliminary written determination of blood degree.

Where the committee considers additional information is needed it may require the production, by citation or otherwise, of such information from the person filing the application or from any other person who may be affected by the determination, and may request or subpoena such persons to appear before the committee, its director or staff for an informal personal interview. If it is determined by the Enrollment Committee that the degree of Papago - Tohono O'odham Indian blood should be changed, where necessary, an appropriate adjustment must be made in the degree of Papago - Tohono O'odham Indian blood ascribed to all lineal descendants and ancestors of the applicant or enrollee. Before such adjustments are made final, the head of each family concerned shall be notified of the proposed change and given at least twenty (20) days in which to show cause why the correction should not be made.

Section 2 Notice of Hearing of Preliminary Determination of Blood Degree

(A) Contents of Notice

Written notice of the Enrollment Committee's preliminary determination of degree of blood shall (1) indicate the degree of Papago - Tohono O'odham Indian blood, if any, ascribed on the records to the applicant or enrollee, or to each member of his family; (2) indicate the degree of Papago - Tohono O'odham Indian blood which the committee has determined to be properly ascribed to the applicant or enrollee, or to the members of his family; (3) indicate the reasons for the committee's determination; (4) fix the time and place for the Enrollment Committee to hold a hearing to make its final determination of the degree of Papago - Tohono O'odham Indian blood which will be ascribed to the applicant or enrollee, or to the members of his family; and (5) indicate that the applicant or enrollee, or the members of his family may appear before the Enrollment Committee at the time and place fixed for such hearing to show cause why the blood degree which the committee has determined to be properly ascribed should be rejected, and to present additional evidence, if any, concerning the blood degree of the applicant or enrollee, or of members of his family.

(B) Manner of Giving Written Notice

The notice shall be given at least twenty (20) days prior to the time fixed by the Enrollment Committee to hold the hearing to make its final determination, and shall be served by certified mail, return receipt requested, or by personal service by a member or agent of the Enrollment Committee who shall verify service of a copy of the notice by endorsing his name and date of delivery upon another copy thereof, and by having the person served acknowledge receipt of a copy thereof by signing his name thereon. Where it appears that the notice required hereunder was deposited in a United States Post Office box more than thirty (30) days prior to the time fixed for the Enrollment Committee to hold its hearing and such notice was sent by certified mail as provided

herein, it shall be presumed that such notice was received by the addressee more than twenty (20) days prior to the time fixed for the hearing by the committee.

Section 3 Enrollment Committee shall make Final Determination of Blood Degree

(A) Hearing

The Enrollment Committee shall review the application and all relevant evidence regarding blood degree, including any new evidence, produced by the applicant or enrollee, or by members of his family. The burden of proof of establishing a blood degree different than the one set out in the committee's preliminary determination of blood degree shall be on the applicant or enrollee, or members of his family.

(B) Final Determination of Blood Degree

The Enrollment Committee shall reduce its final determination of the degree of Papago - Tohono O'odham Indian blood of the applicant or enrollee, or of the members of his family, to writing and cause it to be signed by the chairperson of the committee.

(C) Notice of Final Determination

A copy of the determination, together with a notice that such determination may be appealed to the Tohono O'odham Courts shall be served on the applicant or enrollee, or upon the head of each family affected by the determination, either by certified mail, return receipt requested, or by personal service by a member or agent of the Enrollment Committee who shall verify service of a copy of the final determination and of the delivery upon a copy thereof, and by having the person served acknowledge receipt of a copy of the written determination and of the notice by signing his name thereon.

Section 4 Evidence in Determinations of Degree of Blood of Illegitimate Children

(A) Evidence

The degree of Papago - Tohono O'odham Indian blood possessed by an individual is $\frac{1}{2}$ of the combined degree of Papago - Tohono O'odham Indian blood possessed by his parents. In determining the degree of Papago - Tohono O'odham Indian blood of a child whose parents were not legally married at the time of the child's birth, only $\frac{1}{2}$ of the degree of Papago - Tohono O'odham Indian blood ascribed to its mother should be counted, unless paternity has been established. Paternity may be established by decree of a court of competent jurisdiction, by the written acknowledgment of paternity signed by the natural father, or by a marriage certificate establishing the subsequent marriage of the natural parents of the child. If paternity can be so established, copies of the documents on which the determination is based should be furnished in support of the degree of blood ascribed to the child.

(B) Request for Closed Hearing

Where such documents establishing paternity are not available, an applicant, or an applicant's sponsor may request the Enrollment Committee to make determination of the degree of blood of an applicant whose parents were not legally married at the time of the child's birth. Such determination shall be made at a closed hearing of the Enrollment Committee and shall be based on the sworn testimony of the mother, the natural father or of a relative connected to the mother or the natural father by ties of blood or consanguinity, and on any other relevant evidence adduced by or on behalf of the applicant. The mother's testimony about who the child's natural father is may be heavily, but may not be conclusively, relied on, and other independent evidence must be presented which will establish the paternity by a preponderance of the available evidence.

(C) Written Determination

The Enrollment Committee's determination shall be reduced to writing; shall be signed by the chairperson of the committee and shall set forth the degree of Papago - Tohono O'odham Indian blood of the applicant and findings of fact upon which the committee based its determination.

(D) Notice of Ascription of Blood Degree

Written notice of the ascription of the degree of Papago - Tohono O'odham Indian blood to the applicant shall be served on the applicant or applicant's sponsor, which notice shall contain a statement that such ascription may be appealed to the Tohono O'odham Courts.

(E) Manner of Giving Notice

Service of the notice shall be by certified mail, return receipt requested, or by personal service by a member or agent of the Enrollment Committee who shall verify service of a copy of the notice by endorsing his name and date of delivery upon another copy thereof, and by having the person served acknowledge receipt of a copy thereof by signing his name thereon.

(F) Confidentiality of Records

Only the degree of Papago - Tohono O'odham Indian blood ascribed by the Enrollment Committee pursuant to the foregoing provisions, or by the Tohono O'odham Courts pursuant to Section 5 hereof, shall be made public. No other information, testimony, evidence, files, records, reports and papers, including the Enrollment Committee's written determination, produced before or in possession of the Enrollment Committee or the Tohono O'odham Courts shall be made public; shall be admitted in evidence or used in any manner in any other proceedings; or shall be released to, or disclosed by any person, agency or court, except to the applicant, or the applicant's sponsor or attorneys, and to the Tohono O'odham Courts for the purpose of an appeal from the Enrollment

Committee's determination of the degree Papago - Tohono Indian blood ascribed to the applicant pursuant to the foregoing provisions. After completion of final ascription of blood degree by the committee pursuant to the foregoing provisions, or by the Tohono O'odham Courts pursuant to Section 5 hereof, all such files, records, reports and other papers in the possession of the Enrollment Committee or the Tohono O'odham Courts may be released to, or disclosed only to (1) an applicant upon filing of a written consent signed by the applicant's mother or upon filing of a certificate of death of the applicant's mother, and (2) to the lineal descendants of an applicant upon filing of certificates of death of both the applicant and applicant's mother.

Section 5 Appeal from Final Determinations or Ascription of Blood Degree by Enrollment Committee

(A) Right of Appeal

An appeal to the Tohono O'odham Courts may be taken from any final determination of blood degree made by the Enrollment Committee pursuant to Section 3 above or from the ascription of degree of blood made by the Enrollment Committee pursuant to Section 4 above by any person adversely affected thereby.

(B) Commencing Appeal

To commence an appeal such person must clearly express an intent to appeal such determination or ascription of degree of blood to the Tohono O'odham Courts, a copy of which must be served on the Enrollment Committee before the close of business on the 30th day after receipt of a copy of the final determination or ascription of degree of blood, unless such notice is served at an address outside the Continental United States, in which case there shall be 60 days rather than 30 days to file such an appeal.

(C) Stay of Proceedings and Record on Appeal

Upon an appeal being commenced, all pending or further proceedings before the Enrollment Committee and the Council shall be stayed, and the Enrollment Committee shall transmit to the Court the complete record pertaining to the matter appealed, together with all evidence presented to the Enrollment Committee, and the Enrollment Committee's written determination. The burden of proof shall be on the appellant to modify or reverse the findings, determination and ascriptions of blood degree made by the Enrollment Committee. The appeal should include any supporting evidence not previously furnished and may include a copy of reference to any records of the Nation or the Department of Interior having a direct bearing on the appellant's case. An appellant may request additional time to submit supporting evidence. A period considered reasonable for such a submission may be granted by the Court.

(D) Decision of the Court

The Court will consider the record as presented, together with such additional information that may be considered pertinent, and the Court may in its own discretion allow oral presentation to be made. Any such additional information shall be specifically identified in its decision. The decision of the Court on appeal shall be final and conclusive and, if the determination of, or ascription of degree of blood by the Enrollment Committee is reversed or modified, the Court shall by its mandate specifically direct the committee as to further action in the matter, including the making and entering of a different and final determination or ascription of degree of blood by the Enrollment Committee.

Section 6 Report to Council and Secretary of the Interior

Any adjustments made by the Enrollment Committee in the blood degree of an enrollee on the base roll shall be submitted for approval to the Council, together with a copy of the committee's written determination. The Council's approval of such adjustment and a copy of the committee's written determination shall be submitted to the Secretary of the Interior for further approval by the Secretary in accordance with the provisions of Section 1(a) of Article II of the Constitution.

ARTICLE VI - PROCESSING MEMBERSHIP APPLICATIONS
BY THE ENROLLMENT COMMITTEE

Section 1 The Enrollment Committee Shall Review Membership Applications and Make Recommendations to the Council

The Enrollment Committee shall review all membership applications and shall consider the information provided in such applications, together with all other available evidence concerning the applicant's eligibility for membership and make its written recommendation to the Council to approve or reject the application. Where the committee determines additional information is needed, it may request such information from the applicant or sponsor and may request such person to appear before the committee for a personal informal interview. If the Committee recommends approval, the Committee is not required to conduct a hearing or give notice of the recommendation to the applicant or the sponsor.

Section 2 Notice of Hearing When Enrollment Committee Recommends Rejection

(A) Written Notice Required

Whenever the Enrollment Committee recommends rejection or the Council considers that a membership application should be rejected, notice shall be given to the applicant or sponsor before a final determination of the applicant's eligibility is made by the Council.

(B) Contents of Notice

The written notice required under this Section shall indicate:

- (1) The membership requirement(s) which the applicant failed to establish or other reasons why the application should be rejected;
- (2) That the applicant may be eligible for adoption into tribal membership provided the applicant is one-half degree or more of Papago-Tohono O'odham Indian blood;

- (4) That the applicant has 30 days of the mailing of the written notice to file a written appeal with the Council Chairperson and Secretary, with a copy to the Enrollment Committee, asking the Council to hold a closed session rejection hearing to make its final determination of the applicant's eligibility for enrollment; provided that the applicant's right to appeal to the Council is waived if a written request is not filed as required by this subsection;
- (5) That the applicant must comply with any hearing rules adopted by the Council; and
- (6) That if the applicant does not submit within 30 days of the mailing of the written notice either an adoption application or file a written appeal with the Council Chairperson and Secretary, the Enrollment Committee shall proceed with its recommendation to reject the application in accordance with the provisions of Article VIII of this Chapter.

(C) Manner of Giving Notice of Rejection Hearing

The notice shall be sent by certified U.S. Mail or registered mail, return receipt requested, addressed to the applicant or sponsor at the mailing address provided in the application form, or at such different address as such person may subsequently have provided the Enrollment Committee in writing. The applicant has the duty and responsibility to maintain his or her current address and contact information with the Enrollment Program at all times in order to receive such notices from the Enrollment Program. If the notice is returned to the Enrollment Program as undeliverable, incorrect address or as unclaimed, the Enrollment Committee shall proceed with its recommendation to reject the application in accordance with the provisions of Article VIII hereof and Council may proceed with its final determination. If Council makes a final determination to reject applicant's membership application, the applicant may reapply if the applicant discovers and produces new evidence.

(D) Notice of Rejection Hearing

If the applicant properly files a written appeal with the Council Chairperson and Secretary, the Enrollment Committee or its designee shall send written notice of the closed session rejection hearing to the applicant or sponsor by certified U.S. Mail or by registered mail. Section 3 Council Hearing

If an applicant fails to file a written appeal as required under subsection (D) of this Section, the applicant will be deemed to have waived the right to an appeal to the Council and the Judicial Court shall not have jurisdiction to consider the rejection. If a timely appeal is filed in accordance with this Chapter and any rules adopted by the Council, the Council shall conduct a rejection hearing within 90 days after receiving the appeal.
